## About us ...

We simply adore food and our approach is simple ...

Our dishes are created seasonally and we draw on our butchers, grocers and fishmongers to incorporate the best available produce in every dish, sourced as locally and sustainable as possible.

Chris, our executive chef, has a very clear philosophy when creating our fantastic menus and when coming up with bespoke and tailored dishes just for you and your exceptional event. He uses seasonal produce, doesn't then mess around with them too much, but lets the ingredients talk for itself. This means our dishes are always fresh and delicious.

He even targets himself to deliver local produce to your plate and achieves 73% of our produce coming from the South East region. His target is 80% and he is continually striving to reach that.

Chris is a proud Maitre Chef Rotisseur of the Chaîne des Rôtisseurs Bailliage de Grande Bretagne –

Even our Managing Partner, Colin Sayers, has an enviable culinary background and was three times former competition winner and represented Great Britain twice in international competitions, claiming the bronze title.

A wedding couple is seen from behind, walking away on a wide, light-colored gravel path. The groom is wearing a blue suit, and the bride is in a white wedding dress, holding a bouquet of flowers. The path is flanked by manicured hedges and a low stone wall with pink roses in the foreground. In the background, there are more hedges, a fountain, and a large green lawn under a clear sky.
